1 Data information notice in accordance with Regulation (EU) 2023/2854 (EU Data Act) for connected products

Products:

- Air 2000i
- Air 4000i
- Air 6000i
- Climate
- Logacool
- Aero

Connected products and related services of Bosch Thermotechnik GmbH generate various data and information during their use. The following provides information about the data transferred and made available when using the product and related services, how to access this data, and your data rights.

2 Type, format, and estimated volume of product data

The following data may be generated during operation of the product.

The data generated varies depending on the specific use of the product.

Types of product data

- Physical data: Current data (e.g. temperature, pressure, power, energy).
- Device identification data (e.g. serial number, hardware and software version).
- Status data (e.g. on/off, present/not present).
- Error messages.
- Setting values / user configurations (e.g. room setpoint temperature, time programs).

Estimated volume

The amount of data varies depending on the type of date and the use of the service, with data volumes per data point ranging from 500 Byte/h to 5 KB/h.

Data format

The data is stored within the product in various data formats and, as part of a data export, is provided at least in the following data format:

- CSV

Currentness of data

Product data is transmitted either immediately upon change or, if no change occurs, at a fixed interval of every 30 minutes.

3 Storage location and retention period

The product does not store product data.

When connected to the internet, data is transferred to the manufacturer's servers for storage. Product data is retained for the duration of the product use unless deletion is requested by the user or required by law.

4 Access modalities

You can access the data generated and potentially stored within the product as follows:

Users can export data in CSV format via the HomeCom Easy, IVT Anywhere II, MyBuderus, or Vulcano Connect app. The required Terms of Use can be viewed at the following link: https://show-policy.ttprivacy.com/0f172e2e-94b6-4952-a9a8-f44fe740bec3

Data access requires the use of:

Mobile device compatible to the HomeCom Easy, IVT Anywhere II, MyBuderus, Vulcano Connect app.
